

Product Information and Specifications

VALVE BOX NAMEPLATE

Part # G3800-NP

DESCRIPTION

- USA MADE - Premium Professional Grade Quality.
- Reclaimed Purple Valve Box Nameplate allows for easy identification for valve box lids on new installations using Recycled/Reclaimed Water.
- Designed with two tamper-proof rivets for quick and permanent identification

SPECIFICATIONS

LENGTH
MATERIAL

5.75"X 1.25"
Purple, UV resistant
co-polymer plastic

Wording Reads: "RECYCLED/RECLAIMED WATER DO NOT DRINK - NO TOMAR"

INSTALLATION

The nameplate is easily attached with the supplied rivets. Use the nameplate as a template to locate the installation area and hole alignment. Use a .1875" bit to drill holes (approximately .5"-.75" deep). Press tamper proof rivet through the nameplate and drive down the expansion nail to secure.
